

DRAWING AMENDMENTS

During the prosecution of the original application (09/450,504, filed 11/30/99), all drawings are objected because sectional designation was not noted with Arabic or Roman Numerals. Further, during the prosecution of a divisional application (10/022, 285, filed 12/20/01), all drawings are corrected by the examiner because cross hatching patterns are not shown in cross sectional views. Corrected drawings filed in the original parent application and in its divisional application had been approved by the examiner so that the correct drawings are attached hereto as replacement sheets.
